## IAI and Safety Services, Inc. have joined forces to deliver targeted, job-specific safety training.

### Training Delivery

**In-person · Online · Hybrid** — tailored to meet the needs of you and your employees.

### Partnership Overview

IAI educates students in industrial trades with real-world skills. Our collaboration with Safety Services, Inc. ensures these graduates—and your workforce—adopt a safety-first mindset.

### Corporate Training Program Features

- Hands-on workshops with expert-led demonstrations
- Blended learning: in-person workshops, virtual classrooms, or hybrid delivery
- Custom site-specific training solutions
- Certificates for OSHA, ANSI, and company compliance
- Dedicated support, refresher sessions, and follow-up
